For Immediate Release
March 17, 2015

ICE CLEARING ACTIVITIES

Ice-clearing activities will begin on or about March 23, 2015 and continue throughout the St. Lawrence River, including the area between the Eisenhower and Snell Locks in preparation for the Seaway's upcoming navigation season.

All ice fishermen, snowmobile operators, and All Terrain Vehicle (ATV) operators should refrain from using the areas where ice has been cleared to avoid numerous open water leads and unstable ice cover caused by the clearing.

The Montreal-Lake Ontario section of the St. Lawrence Seaway is scheduled to open at 8 a.m., April 2.
